29 January 1982

MEMORANDUM FOR: The Deputy Director of Central Intelligence

FROM :

[REDACTED]  
Commander, Joint Military Reserve Training Command

STAT

SUBJECT : Address to Agency Military Reserve Unit

1. On behalf of the Agency's reserve unit, I want to thank you for addressing our meeting on 4 January. We appreciate your taking the time from your busy schedule to share with us your views on intelligence and its value in the policy-making and policy-implementing process. By recounting your experiences during the Vietnam conflict and the Iranian hostage crisis, you helped our reservists to understand more fully the importance of anticipating the needs of intelligence users.

2. We truly appreciate the support that you have shown our reserve program. It meant a great deal to our members for you to address our unit on 4 January, as well as attend our Christmas party. I can assure you that your closing challenge to the audience will not go unanswered; we will be looking at ways to do our job better and at other activities which we can undertake to increase our readiness as Reserve officers.
